TheTunnel - floor QR code for Align to QR

Print at 100% / Actual size (no ’fit to page’). The outlined square must measure 19.0 cm.

Check: this line should measure exactly 10 cm.

Tape it flat on the floor inside the tunnel, any direction. Don’t move it during a session.

Each player: TS Menu > Align to QR, then look down at the code and hold still. The host aligns first.
