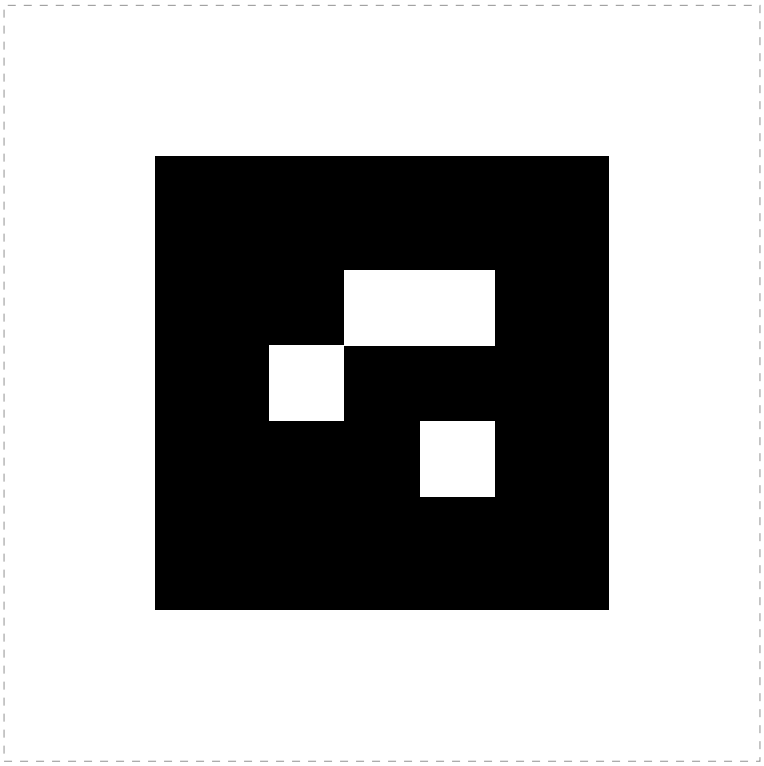
AR marker 60 mm ID 1



this bar: 50 mm

The Tunnel: AR marker cube (tracking test)

artoolkitX 3x3 barcode with Hamming (6,3) error correction, barcode ID 1.
The black square is exactly 60 mm wide (12 cells of 5 mm; the black border is 15 mm).
Print at 100% / Actual size (no 'fit to page'), then check the 50 mm bar with a ruler.
Keep the white margin (cut on the dashed line, 20 mm out) and glue it flat on stiff card.
Matte paper avoids glare. Palette > AR marker cube places the cube on it for every player.
